

Cadet Matthews

On June 15 I went on a trip to the Central American country of Costa Rica, with my school for ef tours. For this trip I had to pack like, I was the one how packed the least, but still had what I needed. It was a good thing to because we had to keep all our bags on a coach bus so we had to keep things light. We left Maryland very early, at 4 I the morning. Then we got on an airplane to Florida. Next we got on the plane to go to Costa Rica, we got there in the afternoon around 2 pm. once we arrived in Costa Rica we meet up with our tour guide, bus driver and the other groups from other schools in the United States. Afterwards we went to the international mall to get lunch and exchange money from American dollars to Costa Rica celounes. Then we all went to the hotel for the first nights stay. After we went to the gold museum on the first day in the city of San José. The next few days we went to different hotels every other day in order to see most of the tropical areas of the country in our sort amount of time. For our lunches we went to many different restaurants so we could taste the countries wonderful food and culture. One of the days we were able to go see a school there and see how their education is compared to ours. we also were able to go on a hike up to see one of the countries volcano's, zip lining, horseback riding, the beach, to hot springs, waterfalls, night walk in the forest, and going to local stores and much, much more. But most of all I learned so much about the culture them the people there and some about me too. I had so much fun in the country of Costa Rica.

Sincerely, Matthews, Ernest
