### Coast Guard Training 2009

IN the summer of 2009 I attended Coast Guard training at the Annapolis Coast Guard station. I had so much fun it was great. Every day we would wake up at 7 a.m. did colors and would clean and inspect the patrol boats for the day. Most of the time we would help the cook in the galley by getting the food ready. I just want to say that the food there was great they even had a menu for us to choose from. The typical day started by getting the boats and equipment prepared for the day, then we would start out on other jobs such as repairing boats or checking equipment to make sure it work properly. We did this until 4 p.m. After 4 o'clock we could just hang out and relax. To sum up it was an amazing training and I loved every minute of it.
